Subject: CES
Attachments: CES Draft Class VI Permit (CH).docx

Hi David,

Attached are my comments on the draft CES permit. Please add any of yours to the attachment. I will then have Cadmus address our comments.

I plan to reach out to Rebecca for an update on issues of FA, ESA, NHPA, and subsidence next week. I can also ask for their thoughts on the arrangement of a public hearing.

Please let me know if you have any questions or want to discuss any of these.

Thanks,
Calvin
